Dear Sir:

Enclosed for filing in the above-identified application is a PTO/SB/08 Equivalent listing 16 references, of which 12 are enclosed/submitted. The references are being submitted pursuant to MPEP § 2001.06(c) in that U.S. Patent Nos. 6,263,222, 5,632,272, 6,215,984, 6,157,850 and 7,509,154 are currently involved in litigation, namely, Masimo Corporation v. Philips Electronics North America Corporation and Philips Medizin Systeme Böttingen GMBH, (District of Delaware, Case No. 09-000080 (LPS/MPT)). These patents may claim a priority benefit of applications and patents that are part of the present application's claim for priority under 35 U.S.C. § 120. To the best of the undersigned's understanding, the references submitted herewith represent documents or document portions that are non-confidential as defined by any protective order governing information exchanged between the parties to the Masimo litigation mentioned above.

The Applicants understand that the Examiner has access to sophisticated online Patent Office computing systems that provide ready access to, for example, specification and drawings, publications, pending claims, and complete file histories, including, for example, cited art, office actions, responses, and notices of allowance. Thus, the Applicants have not enclosed copies of
